We try, but we can't always accommodate all your preferences. Help us by briefly noting which of your requests is *most* important to you. Please list any circumstances/events you would like us to consider **even if you have already notified Dr. Cowley** (part-time status, away rotation, planned leave, vacations, weddings, etc.). If you have medical issues or envision pregnancy in the coming months, you may want to talk to a Call Committee member about this. Please use the back if necessary. Thanks!
